

# Keys to Kids Safety

## What is Keys to Kids Safety?

Keys to Kids Safety is an extensive program in Monroe County dedicated to child safety efforts. We provide child safety resources to parents and caregivers empowering them to raise their children in a safe and healthy environment.

This program addresses vehicle and bike safety, safe sleep practices, water/pool safety, and home environment/poison safety. We also partner with local agencies and businesses to provide trainings and workshops, as well as attend health and safety events. Education, support, and safety supplies are provided when needed. Our goal is to empower Keys' families to keep their children safe and embrace their parenting journey.

For more information about our events and workshops, please visit the events calendar on our website, or follow us on social media.

CAR | BIKE | WATER | HOME | CPR/FIRST AID
